Strategic Defense Solutions, LLC

Strategic Planning, Management, and Assessments

Capability Statement

Strategic Defense Solutions (SDS) specializes in strategic planning and data collection & analysis providing our clients with personnel support and innovative program solutions. Our current and previous contracts have been in support of the Department of Defense (DoD): Joint Staff, United States Central Command (USCENTCOM), United States Special Operations Command (USSOCOM), United States Africa Command (USAFRICOM), the U.S. Army III Corps Mission Installation Contracting Command, Department of the Air Force Specialized Management Division, as well as the Department of Homeland Security (DHS) Transportation Security Administration (TSA). SDS has conducted strategic planning for technical programs/activities since 2006 and continues in 2022. Our senior project and program managers actively provide analysis and recommendations to government decision makers from combatant commanders and program directors to the highest levels of multiple federal agencies and the White House.

SDS has utilized the products of the Adaptive Planning Process and Joint Operation Planning and Execution System (JOPES) to include the creation of Force Flow Time-Phased Force and Deployment Data (TPFDD) for strategic and operational level plans and deployments. SDS also provided senior defense managers to produce the USCENTCOM theater posture plan under the direction of the Director of Strategy, Plans and Policy, and annually provides highly sought after planning and execution expertise and recommendations to the Joint and OSD staffs in the Pentagon. SDS has conducted campaign plan assessments and recommendations for USSOCOM and USCENTCOM, through written reports, oral presentations, and PowerPoint briefings to the leadership of both commands. SDS personnel are well known throughout the DoD as subject matter experts in conducting deliberate and crisis action planning that led to operations requiring deployment to the USCENTCOM area of responsibility since 9/11.
