## Capabilities Statement

**Key Strategic Alliance (KSA), LLC** comprises of Strategic Defense Solutions as the 8(a) managing-partner, and a small business STARS II alumnus, KeyBridge Technologies, Inc. KSA has been recently awarded (8) GSA STARS III status, Electronic Federal Aviation (FAA) Accelerated and Simplified Tasks (eFAST) status, and specializes in technology-based training-support service providing strategic solutions for customers including U.S. Army, U.S. Navy, Transportation Security Administration (TSA), Customs and Border Protection (CBP), and Centers of Disease Control and Prevention (CDC). Operating under our efficient and effective ISO 9001:2015 registered, and Capability Maturity Model Integration (CMMI) Level 3 for Development rated processes ensure we produce high-quality and costeffective products for our customers. In fact, over the course of our 19 years in business, we have had the great honor of supporting every TRADOC Center of Excellence (CoE) providing outstanding training products and services. As a multi-faceted training and learning technology company, KSA specializes in all aspects of instructional delivery and web-based courseware development with more than 80 percent of our active contracts involving training analysis, design, development, and delivery support. Our team of professionals is adept at using Government furnished materials (e.g., manuals, handbooks, pamphlets, and other source documents), as well as employing the various Government regulations, and customer-specific guides, processes, and procedures to create and produce complaint and engaging interactive electronic training products for our customers.

## Our Services

- Courseware analysis, design, development
- Training delivery: instructor-led, virtual IL, web based
- Software engineering and development
- Multimedia support, graphic art, videography, photography
- Instructional systems design, content development, quality assurance
- 508 compliance assurance
- IT Support/Knowledge management
- Library support, document scanning
- Maintaining an electronic database, records management
- Training scheduling
- Program management
- Data analysis
- Virtual reality/Augmented reality
- Knowledge management
- Document management/Asset/inventory management

# Operational Test and Evaluation Project Past Performance

- Behavioral Detection
- Analysis Program Feasibility
- Optimization
- Targeted Conversation
- Natural Behaviors
- Threat Inject Trials
- Training
- Explosive Trace Detection Systems
- Technology Infrastructure Modernization (TIM) Program
- FIDO II
- Whole Body Imager
- Advanced Technology X-ray Systems I & II
- LEO BAMS Biometric System
- Risk-Based Screening
- Computed Tomography
- Credential Authentication Technology
- Bottled Liquid Scanners
- Enhanced Metal Detectors
- And More

Key Strategic Alliance, LLC

In addition to our robust team of software engineers and developers, and our instruction design team, our corporate office is home to our state-of-the-art multimedia production studio with broadcast quality video/audio equipment and post-production software. KSA's multimedia professionals regularly use this studio to develop content for computer-based/web-based training products at reasonable costs to our customers. In fact, we have expanded the capabilities of our multimedia development studio to include the use of blue/green screen technology for training products.

## Experience

KSA has a rich history of supporting the U.S. Army in meeting their training needs. Below is a sample of the Army contracts KSA successfully performs(ed).

- **CAPdL:** Combined Arms Products for Distributed Learning (CAPdL) Training and Education Products (44 task orders)
- **AVLE:** Army Virtual Learning Environment (10 task orders to date = 29% of competed task orders)
- **Numerous stand-alone contracts including, but not limited to:**
  - **NCO CoE DLC I-VI:** Noncommissioned Officer CoE Distributed Leader Courses I-VI (analysis and development)
  - **DART:** Diagnostic, Advisement and Research Technical Support
  - **CIED:** Counter Improvised Explosive Devices Training Support
  - **MCoE G3 Ed & Tech:** G3 Education & Technical Support
  - **MCoE CR XXI:** Classroom Technician Support
  - **FCoE FA IMI:** Field Artillery (FA) Interactive Multimedia Instruction (IMI)
  - **CCoE 442nd:** 442nd Signal Technician Training & Support

## Current Relative Past Performance

- **Data System Information Technology Support**
  - Support the Air Force Life Cycle Management Center (AFLCMC), Air Dominance Division (EBA), Special Programs Software Branch (EBAW), Robins AFB, GA. These services include support for information technology, information assurance and cyber security, database technical support, and training for multiple networks and programs.
- **Operational Test & Evaluation Support Services**
  - OTSS services for IT programs to include the Technology Infrastructure Modernization (TIM) system for transportation industry and individuals seeking access to critical infrastructure in which we provided engineering services, information assurance analysis/test, computer information/systems development, computer system quality assurance, and computer systems support.
